

Category: [Lightweight Aggregates](#)

As of: 12. May 2024

URL: <http://www.drymix.info/industry-directory/lightweight-aggregate/>[Aeropor GmbH](#)

Manufacturer of mineral based lightweight hollow spheres, for use as functional filler in drymix mortars.

[Cirkel GmbH & Co. KG](#)

Manufacturer of functional fillers based on CalciumSilicateHydrate (Tobermorit; tradename Circosil) for the use in drymix mortars.

[Liapor Baustoffe GesmbH](#)

Producer of expanded clay aggregates.

[Liaver Ilmenau - Liapor GmbH & Co. KG](#)

Manufacturer of expanded glass microspheres (from recycled bottles) for the use as functional filler in drymix mortars.

[Aero Aggregates LLC](#)

Manufacturer of lightweight aggregates based on recycled glass.

[Laterlite S.P.A.](#)

Manufacturer of lightweight aggregates based upon expanded clay.

[ROTEC GmbH & Co. KG Rohstoff-Technik](#) (English, German)

Manufacturer of lightweight aggregates based upon naturally expanded silica for the use as functional filler for drymix mortars.

[Spherefill \(Suek-Baltic\)](#) (English)

Manufacturer of various gradations of hollow spheres (cenospheres) for the use in mortars and other building and industrial applications.

[Dennert Poraver GmbH](#) (English, French, German, Italian, Spanish)

Manufacturer of expanded glass spheres for the use in drymix mortars - process based upon recycled waste glass. Also offering closed-cell lightweight aggregates on the same raw material basis (tradename proaspheres).

[Georg H. Luh GmbH](#)

Distributor of vermiculite, website currently out of order. Located in Germany.

[Fibo ExClay Deutschland GmbH](#)

Manufacturer of expanded clay as lightweight additive for construction products and drymix mortars. Part of Maxit Group (Heidelberger Cement AG).

[Philippine GmbH & Co. Dämmstoffsysteme KG](#)

Expanded polystyrene pearls as well as EPS panels for thermal and sound insulation (website in german only).

[JSC Stikloporas](#)

Manufacturer of foamglass granules for the use of lightweight filler in drymix mortars (tradename Penostek).

[Argex NV](#)

Produces aggregate for lightweight concrete (expanded clay).

[Pittsburgh Corning Europe](#)

FOAMGLAS® cellular glass.

[Europerl GmbH](#)

Manufacturer of expanded vulcanic aggregate for use as insulating and lightweight filler.

[Thermodyn Produktion & Handel Martin Kern](#)

Sales organisation for man-made light weight aggregates such as expanded clay (Perlite) and rubber granulates or mixtures thereof.

[Silbrico Corporation](#)

[Perlite \(Sil-cell®\).](#)

[Taiheiyo Materials Co.](#)

Manufacturer of perlite.

[Steag Entsorgungs-GmbH](#)

Supplier of bottom ash for use as lightweight aggregates (Trade name: Steasint).

[LightOre GmbH](#)

Manufacturer of pelletized foam glass (open or closed pore) for the use as functional aggregate in lightweight mortars.

[W.R. Grace & Co.](#)

Producer of Vermiculite with plants in North America (USA and Canada). Zonolite® Masonry Insulation is coated with a water repellant for use as an insulator in masonry wall assemblies, while Zonolite Vermiculite is specially sized and used in industrial applications.

[Producer of Perlite](#)

Industry association, website featuring a list of expanded perlite producers (global).

Hrsg.: The Perlite Institute Inc., USA

[Knauf Perlite GmbH](#)

Manufacturer of perlites (former Deutsche Perlite GmbH).

[Berwilit - Wittgensteiner Bläuhlschiefer GmbH & Co.KG](#)

Expanded slate for lightweight concrete. Particle size from 0/2 up to 8/16 mm.

[Stauss-Perlite GmbH & Co KG](#)

Producer of expanded perlite (Europerl).

[BauMineral GmbH](#)

Supplier of bottom ash (Grobalth) for use as light-weight aggregate for thermal insulating masonry mortars as well as for the production of concrete products and masonry units.

[Volite \(Knauf Aquapanel\)](#)

Manufacturer of a granulated perlite fine filler for the use as functional aggregate in lightweight mortar formulations (increased yield).

[The Schundler Company](#)

Manufacturer of perlite and vermiculite. Provides information on the many industrial uses of perlite and vermiculite.

[Leca Trading & Concession A/S](#)

Producer of Light Expanded Clay Aggregate (LECA). Part of Maxit Group (Heidelberger Cement AG). Located in Denmark.

[S&B Industrial Minerals S.A.](#)

World's largest producer of raw perlite. Company claims to be the market leader for perlite in Europe.

[Aegean Perlites SA](#)

Mining and purifying of perlites, also manufacturing of expanded perlites.

[Technopor Handels GmbH](#)

Manufacturer of foamed glass aggregates (from recycled glass), mainly used in boards as sub-grade insulation or as gravel for foundation works (german website).

[Korken Schiesser GmbH](#)

Manufacturer of cork granulates for use in insulation renders.
