

Category: [Pigments](#)

As of: 13. May 2024

URL: <http://www.drymix.info/industry-directory/pigment/>[BASF SE](#)

Manufacturer of organic and inorganic pigments, dyes and preparations (pigment mixtures). Trade names: Heliogen, Lithol, Paliocrom, Paliogen, Paliotan, Paliotol, Sicolux, Sicopal, Sico, Sicotan, Sicotrans, Variocrom, Sicomix, Luconyl, Sicoflush.

[Italcementi Group](#)

Manufacturer and licensor of a daylight active photocatalytic substance for the use in air purifying renders based in adiabatic titanium dioxide (tradename TXActive)

[Holliday Pigments Ltd.](#)

Manufacturer of Ultramarine pigments. Blue is the dominant colour, but ultramarine violet and pink are available, too. Furthermore they manufacture a range of Manganese Violet pigments.

[Ferro Corp.](#)

Producer of pigments and colors, especially complex inorganic color pigments and high infrared radiation reflecting pigments.

[Lanxess AG \(former Bayer AG\)](#)

Colorants for the coatings and construction materials industries (bayferrox and chromium oxides).

[BASF SE](#)

Manufacturer of preparations of organic and inorganic pigments in paste-form (Dispers, Pigmosol).

[Schlenk Metallpulver GmbH & Co.KG](#)

Aluminium (powder, flakes, granulate), copper and copper-alloys (especially Goldbronze).

Hrsg.: Carl Schlenk AG

[BASF SE, former Engelhard Corporation](#)

Inorganic and organic pigments (powder and dispersions); various effect pigments.

[Prochem AG](#)

Distributor of pigments (manufactured by Ciba and Kerr-McGee) to the Swiss market.

[Nubiola Pigmentos SA](#)

Manufacturer of inorganic pigments, some of them specifically designed for the use in mortars and concrete.

[Wolstenholme International Ltd](#)

Producer of speciality metallic pigments, metallic inks, vacuum metallised pigments, and carbon black dispersions.

[Crimea Titan, Armyansk](#)

Producer of titanium dioxide.

[Hangzhou Synox Pigments Co., Ltd.](#)

Manufacturer of synthetic iron oxide pigments as well as transparent iron oxides, magnetic iron oxides and micaceous iron oxides (Tradename Synox).

[Keystone Aniline Corporation](#)

Dyes for Polymers, Inks & Coatings: Fluorescent dyes, thermo-chromatic pigments, color changing dyes, near infrared absorbing dyes and other specialties.

[Genky Chemical Co., Ltd. \(now Zhejiang Netsun Co. Ltd.?\)](#)

Nano-grade transparent iron oxide pigments and dispersions. The products are divided into two categories, solvent-borne and water-borne with a color range of yellow, red, green, black and brown.

English website no longer available. Located in China.

[Huntsman Tiioxide](#)

drymix.info

The International Community for Drymix Mortar

Producer of titanium dioxide pigments for use in construction coatings.

[Eckart GmbH & Co. KG](#)

Metallic, pearlescent, holographic and thermochromic effect pigments.

[DuPont Titanium Technologies](#)

Titanium dioxide pigment grades for a wide range of end use applications; even nano-titanium dioxide. (Ti-Pure)

[Omnicon A/S](#)

Powder pigments and liquid colors for concrete products, ready-mix concrete and bitumina industry. Product range includes dosing equipment.

[Kremer Pigmente Dr. Georg Kremer](#)

Offers more than 500 different pigments for all kinds of painting techniques, especially historic pigments for fine arts and restoration.

[KG Deutsche Gasr  werke GmbH & Co](#)

Producer of carbon blacks and pigment blacks.

[Bruchsaler Farben GmbH & Co. KG](#)

Manufacturer of lead chromates, bismuth vanadates, and mixed pigments.

[Kronos Worldwide, Inc.](#)

Manufacturer of titanium dioxide pigments with global presence (15 production locations).

[Shijiazhuang Jirong Chemical Co., Ltd.](#)

Manufacturer of chrome oxide green. From China (english version of website currently out of order).

[Harold Scholz & Co. GmbH](#)

Pigments used for colouring of concrete and coatings: Iron oxides (powder, granulate, slurry), chromium oxide green, mixed metal oxides, titanium oxide (Anatase), and carbon blacks (powder, slurry).

[Sachtleben Chemie GmbH, part of Rockwood Group](#)

Manufacturer of white pigments and extenders: Titanium dioxide (Hombitan  , anatase and rutil), zinc sulfide (Sachtolith), and special compounds of barium sulfate and zinc sulfide (Lithopone). Titanium dioxide nano grades (Hombitec), developed specially for wood preservation.

[Yil-Long Chemical Group Ltd., Tionox Div.](#)

Manufacturing and marketing organisation for titanium dioxide pigments Tionox, anatase and rutile grades of chinese origin.

[Anirox Pigments Limited](#)

Producer of synthetic iron oxide pigments manufactured through aniline route. (India)

[Heubach GmbH](#)

Producer of anticorrosive pigments, nickel- and chromium titanate pigments, spinel pigments, pigment mixtures, pigment preparations. (Heuco, Heucodur, Heucorox, Heucotron)

[Shanghai Yipin International Pigments Co. Ltd](#)

Producer of iron oxide pigments, chrome pigments, anticorrosive pigments and magnetic iron oxide.

[Elementis Specialties, Inc.](#)

Pigment dispersions. [registration required]

[Tongchem](#)

Synthetic iron oxide pigments. Basic product varieties cover 30 types, including iron oxide red, yellow, black, orange, brown and green. Furthermore chrome oxide green, ultramarine blue, titanium dioxide (anatase and rutil) as well as organic pigments (yellow, orange, red, phthalocyanine blue & green). Tongchem is a chinese manufacturer and exporter.

[Krahn Chemie GmbH](#)

Aluminium pastes, aluminium powder, iron oxides, organic pigments, pigment pastes and pigment concentrates.

[Benda-Lutz Werke GmbH](#)

Produces metal pigments and metal powders.

[Cabot Corp.](#)

drymix.info

The International Community for Drymix Mortar

Manufacturer of Carbon black ("Black Pearls").

[Gustav Grolman GmbH & Co. KG](#)

Distributes pigments and pigment preparations: Carbon black, titanium dioxide, azo pigments, cadmium pigments, cerium pigments, manganese violet, organic pigments phthalocyanine pigments, ultramarine pigments.

[BASF SE \(former Ciba Specialty Chemicals\)](#)

Manufacturer of pigments for inks, paints, and plastics.

[WorlÃ©-Chemie GmbH](#)

Manufacturer of pigments and dyes such as carbon black, fluorescent pigments, titanium dioxide, chrome-nickel-titanium, organic pigments, iron oxides, pearlescent pigments.

[Cathay Pigments \(Deutschland\) GmbH](#)

Pigments used for colouring of concrete and coatings: Iron oxides (powder, granulate, slurry), chromium oxide green, complex inorganic colour pigments (i.e. cobalt blue).
